... plus ample storage space to hold all standard accessories and manuals, included with the ScopeMeter testtool (ScopeMeter testtool not included in SCC198)

Descrizione generale del prodotto: Kit di ricerca guasti per

automotive Fluke SCC198 per ScopeMeter Serie 190

L'utilizzo di ScopeMeter Serie 190 in applicazioni dedicate (come la ricerca guasti dei componenti elettronici per automotive) spesso richiede accessori speciali come adattatori, connettori e puntali per stabilire il collegamento delle misure al circuito sottoposto a test. Il kit Fluke SCC198 offre una serie di accessori che consentono di eseguire in modo semplice e rapido misure sugli impianti elettronici dei veicoli, utilizzando uno ScopeMeter Serie 190.
